
EMPLOYMENT

6+ YEARS OF SOFTWARE DEVELOPMENT EXPERIENCE

Software Engineer	General Electric Aviation	May-2016 to Present
--------------------------	----------------------------------	----------------------------

Flight Phase Analyzer

- Implemented multi-tenancy in the application for about 130 Airline Customers.
- Designed the various Modules of the Application & Worked on Cyber Security of the Application
- Implemented different functional modules across Front-End UI using Angular and Server side Development using Node JS and Spring Boot also Deployed applications on Predix Cloud.
- Implemented Security [OAuth2] across different Microapps and MicroServices. Used SAST and DAST tools.
Technologies Used: - Angular, HTML5, CSS3, Node JS, Spring Boot, Jenkins2.0, Shell Scripting, Cloud Foundry, Dockers

Senior System Engineer	Infosys	January-2015 to April-2016
-------------------------------	----------------	-----------------------------------

Apple Online Store & Payment Simulator (Client –Apple Inc.)

- Involved in the Design, Development, testing of various Enhancements of Apple Online Store- Apple Ecommerce Application.
- Designed and Built a Payment Simulator Application for the Apple Online Store to ace the Development time which was a major hindrance, as some Payment Gateways in china were always intermittently down.
Technologies Used: - Spring MVC, Core Java, REST, Mongo DB, Jenkins 1.0, AWS

Software Developer	IBM	August-2012 to December-2014
---------------------------	------------	-------------------------------------

MyPro (SAAS)

- Implemented the Restful web services to expose api's .
- Worked on different Modules of the Project on the Server side Development using Java.
- Worked on different Modules of the Project in the Front End UI using Angular Js 1.x.
- Worked on deploying application on IBM Cloud
Technologies Used :- Core Java, JPA, REST,HTML5, CSS3, Angular JS,IBM CLOUD, Jenkins 1.0

EDUCATION

Bhubaneswar, Odisha	Biju Patnaik University of Technology	May 2007 – May 2011
----------------------------	----------------------------------------------	----------------------------

- **B.TECH. in Electrical & Electronics Engineering, May 2011. CGPA: 7.71**
- +2 with Science as Main Stream from Odisha State Board (C.H.S.E),April 2006,Percentage 79.
- 10th from I.C.S.E, April 2004, Percentage 82.33.
- Undergraduate Coursework: Databases; Algorithms; Programming Languages; Comp. Architecture; Data structures.

TECHNICAL EXPERIENCE

Projects

- Extensive Application Development Using Java , JavaScript, Spring.
- Performance and Memory Optimization in Java projects using Java Visual VM.
- Used Different cyber security tools for SAST, DAST.
- Understanding and Experience of working with Agile Methodologies.

ADDITIONAL EXPERIENCE AND AWARDS

- **Predix Certified Developer Exam (2017); score of 120 out of 120.**
- **Have participated in various algorithm competitions**

Languages and Technologies

- **Java; SQL; JavaScript; JDBC; Restful Web services; Node Js ; HTML5; Angular JS ; Angular; JPA ;Dockers ;Cloud IOT; Spring Boot; Oracle: Mongo DB; PostgreSQL**
